Mike,

EPA is not likely to have any further comments on the final draft Part 70 Operating Permit for A.E.C.I.-New Madrid Power Plant (Project #2015-04-093) or MoDNR's response to public comments.

Bob,

Attached is the revised draft. We didn't receive any comments on the draft during the public notice period, but I still should have caught that. Reviewing projects these last few months has been interesting. I will definitely recommend to my successor upon retirement that they keep one or two projects open themselves to always maintain fresh eyes on the process.

Thanks,
Mike

Bob,

Attached is the draft of AECl's New Madrid permit for EPA 45-day review.
I couldn't find any more recent data to update the information in Footnote 4 in Permit Condition 003.
Thanks,
Mike

Mike,

I have reviewed the public notice draft of the Part 70 operating permit renewal for A.E.C.I.-New Madrid Power Plant and EPA will not be making any comments.
However, I am curious as to whether or not there are more recent data available to update the

information in Footnote 4 in Permit Condition 003 (page 14).

Subject: Affected States Review for AECI New Madrid Power Plant

In accordance with Missouri State Rule 10 CSR 10-6.065(4)(F) and the Clean Air Act this email is to notify you of public notice of the preliminary draft and request for comments for:

AECI – New Madrid Power Plant, located near New Madrid, MO

Project Number: 2015-04-093

The public notice period will start on December 27, 2019, and will last for 30 calendar days. A copy of the draft permit will be available on the Department's web page at:

<http://dnr.mo.gov/env/apcp/permit-public-notices.htm>.

You are invited to submit any relevant information, materials, and views in support of or in opposition to the draft operating permit to the attention of Michael J. Stansfield, Missouri Department of Natural Resources, Air Pollution Control Program, P.O. Box 176, Jefferson City, MO 65102. Comments may be emailed to apcppermitspn@dnr.mo.gov

Should you require further information or documentation on this matter, please contact the Operating Permits Unit at (573) 751-4817, or you may write to the Department of Natural Resources, Air Pollution Control Program, P.O. Box 176, Jefferson City, MO 65102. Thank you for your time and attention.

Michael J. Stansfield, P.E.
